# Help a needy child stay warm this winter....

Hi! I am Caprina Gates, a fellow parent at the Olmsted Falls School District.

Howard Hanna is proud to partner with Coats for Kids again this year for the 19th year! Coats for Kids—Cleveland, was started in 1981 by local radio station employees when they realized that a large number of children were missing school in the winter because they did not have warm coats.

What a perfect opportunity for our children to give to a child in need! Please help by donating new or gently worn winter coats.

Each year there are quite a few children in our district in need of coats, hats, scarves & gloves. Again this year, C & J Property Maintenance, LLC of Olmsted Falls will partner with me to help collect coats & sponsor local children in need.

We will personally pick up the coats donated from each school on Fridays through December 14. The coats will then be taken by Howard Hanna to Coats for Kids, washed by Cintas & distributed to kids in need.

Please attach the completed tag to the coats. Receipts will be given for your donation.
