<p>Are you possibly interested in learning the parts of the body? Learning how to correctly wrap ankles? Or even learn how to properly stretch different parts of the body? If you answered yes to any of these questions, athletic training may be for you. Football Athletic Trainers are taught many different skills that are used on and off the field to ensure that the football players can receive immediate help if they are injured. Applications for potential athletic trainers will be in the main office. If you have any questions regarding athletic training, contact head trainer, Kevin Puella, or senior trainers Mary Candow and Meredith Gardner.</p>	<p>3/23</p>
