Installing and configuring the PowerSchool for Parents mobile app

On an iPhone or iPad, a parent can download and run app for the **PowerSchool for Parents** app.

At this time, the **District Search** features do not work. **Skip the Zip Code and District Name searches.**

To select the proper district, on the top of the screen, click on **Server Settings**.

For Olmsted Falls, enter Server Address **psof.nccohio.org**, Port number **443** and set **SSL Enabled ON**.
