AUTOMATED PARENT COMMUNICATIONS: POWER ANNOUNCEMENT

Olmsted Falls School District utilizes an automated communication system, called Power Announcement, to regularly and effectively communicate with parents via email, text and automated phone messages. Power Announcement is used at both the District and building levels to communicate with parents about school news and event information. Automated attendance calls are also made through Power Announcement. Additionally, the Power Announcement notification system is used, as needed, to communicate important information about building safety and security issues (i.e. evacuations, lock-downs).

Power Announcement is integrated within the existing PowerSchool Parent Portal. Parents have the ability to set their own communication preferences for various types of messages through the PowerSchool Parent Portal. Email and phone communications are automatically activated by default. **Parents must opt-in to begin receiving text messages.** To view and customize all parent communication settings, log in to the PowerSchool Parent Portal (<https://psof.nccohio.org/public>) with your PowerSchool parent account information and click on the “Power Announcement” link located on the left-hand side of the screen. COMMUNICABLE DISEASES

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The School's professional staff may remove or isolate a student who has been ill or has been exposed to a communicable disease or highly transient pest, such as lice.

Specific communicable diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will be limited to the contagious period as specified in the School's administrative guidelines.

CONTROL OF NON CASUAL-CONTACT COMMUNICABLE DISEASES

The School District has an obligation to protect staff and students from non casual-contact communicable diseases. When a non casual-contact communicable disease is suspected, the student's health will be reviewed by a panel of resource people, including the County Health Department. The School will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Non Casual-contact communicable diseases include sexually transmitted diseases, AIDS, ARCAIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child bleeds at school and students or staff members are exposed to the blood. Any testing is subject to laws protecting confidentiality.

CONTROL OF BLOOD-BORNE PATHOGENS

The School District seeks to provide a safe educational environment for students and take appropriate measures to protect those students who may be exposed to blood-borne pathogens in the school environment and/or during their participation in school-related activities. While the risks of students being exposed to blood-borne pathogens may be low, students must assume that all body fluids are potentially infectious and must take precaution to follow universal procedures in order to reduce such risks and minimize and/or prevent the potential for accidental infection.

Students may be exposed to blood-borne pathogens in situations, including, but not limited to the following:

- Engaging in activities with other students in the school environment (e.g., physical education class) where physical injuries or other actions that can cause bleeding or exposure to saliva and other body fluids may occur.
- Working with equipment in the school environment that can cause cuts or similar injuries that produce bleeding.
- Participating in extracurricular activities (i.e., athletic activities) where physical injuries or other actions that can cause bleeding may occur.

Whenever a student has contact with blood or other potentially infectious material, school will follow their guidelines and procedures for the reporting, evaluation, and follow-up to any and all incidents of student exposure.

Before a student may be administered or self-administer prescription or over-the-counter medication at school, the student's parent must complete the Parent Authorization and Request for the Administration and/or Use of Medication and return it to the office of the school clinic. Additionally, before a student may be administered or self-administer prescription medication at school, the Board requires that the Prescriber's Statement be completed by the licensed health professional authorized to prescribe the medication and returned to the office of the school clinic. Ohio law permits students to carry asthma inhalers and to carry and use an epinephrine auto injector at school if certain requirements are met. In both cases the Parent Authorization and Request for the Administration and/or Use of Medication and the Prescriber's Statement must be completed with information specific to each medication and returned to the principal and/or school nurse. NUTRITION SERVICES

Children need healthy meals to learn. Our breakfasts and lunches provide meals to promote healthy bodies and minds. Menu offerings include a variety of colorful fruits and vegetables, whole grains, meat, meat alternatives, and milk. Breakfast and lunch are available to all students.

The Board recognizes the importance of good nutrition to each student's educational performance. The Board provides eligible children with breakfast and lunch at a reduced rate and/or at no charge to the student. Eligibility for free or reduced-price meals, is determined by the criteria established by the Child Nutrition Program and National School Lunch Act. These criteria are issued annually by the Federal government through the Ohio Department of Education. Applications for the School's Free and Reduced-Priced Meal program are distributed to all students. If a student does not receive an application form and believes s/he is eligible, contact Mr. Samuel Chin, Food Service Director at 440-427-6440 or by email at schin@ofcs.net

Please refer to Policy #8531 and #8510 (Wellness) to read it in its entirety.

POSITIVE BEHAVIOR INTERVENTIONS & SUPPORTS (PBIS)

PBIS is a systemic approach to teaching important social and behavior skills while preventing problem behaviors. PBIS encompasses a wide range of systemic and individualized positive strategies to reinforce desired behaviors, diminish recurrences of challenging behaviors, and teach appropriate behaviors to students. As part of the district-wide initiative, all buildings have the same four expectations: Be Safe, Be Respectful, Be Responsible, and Be Kind. We instruct students on positive behaviors relating to these expectations in all school settings (classroom, hallway, cafeteria, bus and extra-curricular activities). Student recognition and reward for exhibiting these expectations are provided to support the instruction and learning. [Please refer to Policy # 5630.01 to read it in its entirety.](#)

POSSESSION, USE, AND TRANSMISSION OF TOBACCO SUBSTANCE, VAPOR AND ELECTRONIC CIGARETTES

The Board of Education is committed to providing students, staff, and visitors with an indoor tobacco and smoke-free environment. Providing a non-smoking and tobacco-free environment is consistent with the responsibilities of teachers and staff to be positive role models for our students.

For purposes of this policy, "use of tobacco" means to chew or maintain any substance containing tobacco, including smokeless tobacco, in the mouth to derive the effects of tobacco, as well as all uses of tobacco or tobacco substitutes, including cigarettes, cigars, pipe tobacco, chewing tobacco, snuff, or any other matter or substances that contain tobacco, in addition to papers used to roll cigarettes.

The smoking of electronic, "vapor," or other substitute forms of cigarettes, clove cigarettes or other lighted smoking devices for burning tobacco or any other substance may be considered drug paraphernalia and treated as use of narcotics.

In order to protect students and staff who choose not to use tobacco from an environment noxious to them, the Board prohibits the possession, consumption, purchase or attempt to purchase and/or use of tobacco or tobacco substitute products by students on Board premises, in Board-owned vehicles, within any indoor facility owned or leased or contracted for by the Board, and/or used to provide education or library services to children, and at all Board-sponsored events.

Students who violate this policy shall be subject to disciplinary action in accordance with the Student Code of Conduct/Student Discipline Code and in accordance with the policies of the Board.

PREPAREDNESS FOR TOXIC AND ASBESTOS HAZARDS

The School is concerned for the safety of students and attempts to comply with all Federal and State Laws and Regulations to protect students from hazards that may result from

industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction. A copy of the School District's Preparedness for Toxic Hazard and Asbestos Hazard Policy and asbestos management plan is available for inspection at the Board offices upon request.

REMOVAL, SUSPENSION, EXPULSION, AND PERMANENT EXCLUSION OF STUDENTS

No student is to be removed, suspended out of -school, expelled and/or permanently excluded unless his/her behavior represents misconduct as specified in the Student Code of Conduct/Student Discipline Code approved by the Board. The Code shall also specify the procedures to be followed by school officials when implementing such discipline. In addition to the procedural safeguards and definitions set forth in this policy and the student/parent handbook, additional procedures and considerations shall apply to students identified as disabled under the IDEA, ADA, and/or Section 504 of the Rehabilitation Act of 1973. (See Policy 5605 "Suspension/Expulsion of Disabled Students.")

EMERGENCY REMOVAL

SUSPENSION AND EXPULSION

In accordance with Ohio law, Section 3313.66 R.C., the superintendent or the building administrator of a school may suspend a student from school for not more than ten (10) days. In addition, the superintendent may expel a student from school for eighty (80) days. Suspensions and/or expulsions can extend into the next school year. In some cases, the superintendent may seek to *permanently exclude* a student.

In accordance with Public Law 94-142, due process is guaranteed to handicapped children. Handicapped children are not entitled to completely separate disciplinary procedures and may be temporarily suspended. Expulsion of a handicapped student or suspension in excess of an aggregate of 10 days per year is a change of placement, thereby requiring federal due process procedures to be followed. The suspension of a student with disabilities for up to ten days per year does not constitute a change of educational placement. If a student with a disability exceeds 10 days, the school-based team will meet to conduct a manifestation determination review meeting.

All students that are suspended, in school or out of school, may be permitted to make up their assignments at the discretion of the building principal.

Students who are suspended out of school or expelled may not be present on school property, participate or attend any school activities or contests, or be present at activities or on property controlled by the school.

The procedures for suspension are set forth in the Student Code of Conduct/Student Discipline Code and Policy 5611 - Due Process Rights.

The procedures for expulsion are set forth in the Student Code of Conduct/Student Discipline Code and Board Policy 5611 "Due Process Rights"

Olmsted Falls School District uses an online student information system, *powered by PowerSchool*, for the annual gathering of important student information including emergency contact information, emergency medical information and other required forms.

The online student registration system is used annually for both new student registration as well as verification of returning student information. **It is critical that parents of returning students complete the online student registration process each August before the first day of school.** Ensuring that the school has the most up-to-date information for your child is of the utmost importance.

The online student registration system includes:

The Olmsted Falls City Schools strives to meet all students' individual needs, recognizing that all students have differing strengths, and learning styles. In addition, the district recognizes that the most effective student learning occurs through a home-school partnership. Through the systems that have been set up in each school building our aim is to improve the outcomes for all Olmsted Falls students with the goal to maintain students in a general education curriculum setting to the fullest extent possible as they make expected academic progress. Response to intervention is a preventative technique that looks to provide immediate support to students. Please access additional information on the school's website or contact your child's building principal.

ATTENDANCE AT SCHOOL EVENTS – Board Policy #5855

The Board of Education encourages students to attend as many school events held after school as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students who are participating in the event.

In order to ensure that students attending events as non-participants are properly safeguarded, the Board requires that all elementary and pre-high school students be accompanied by a parent or adult chaperone when they arrive at the event and throughout its duration. Any unaccompanied student will not be permitted to attend the event, and the Board will not be responsible for students who arrive without an adult chaperone.

The Board will continue to provide adequate supervision for all students who are participants in District-sponsored events; however, students are expected to follow all rules and regulations as outlined in the Student Discipline Code and Handbook.

STUDENT CONDUCT CODE

Forward

The student must recognize that to maintain an atmosphere conducive to learning, the reasonable exercise of authority of school officials is necessary. It is the intent of the Board of Education and administration that all persons connected with the school will demonstrate respect for the rights of the student, and that the school will require students to accept their responsibility toward others and toward the school system. Just as

students have rights and responsibilities, so do those who are charged with operating the schools. School administrators and faculties are obligated to maintain conditions favorable to the learning process free from disruptive influences. Teachers have the right to teach, free from verbal intimidation, physical abuse, or outside interference. Parents have the right to expect quality education, protection of their children, protection of teachers, and the protection of their investment in school property.

Statement of Policy

It shall be the policy of the Olmsted Falls City Schools to encourage student conduct that will promote good health, reasonable standards of behavior, effective citizenship, and a favorable atmosphere for learning. Students on school grounds or in places under school jurisdiction are required to abide by the rules, which are established to achieve these objectives.

Admission to the schools of Olmsted Falls carries with it the presumption that the student will conduct himself as a responsible member of the school community. This presumption includes the expectation that the student will obey the law, adhere to the policies of the school system, and comply with rules and regulations implementing these policies. The student is required to safeguard the property of the school and to respect the rights and privileges of others in the school community. Each student is required to accept responsibility for his own conduct.

In accord with this policy, The Board has approved and the administration shall implement the rules, regulations, and procedures contained in this document. When a violation of these rules occurs, the school officials are authorized and obligated to take appropriate action designed to insure more responsible behavior on the part of the student. When violations of the laws of the United States, the State of Ohio, Olmsted Township, or City of Olmsted Falls are also involved, the school officials can refer such matters to parents, legal guardians, or appropriate civil authorities.

Students' Rights

It has been affirmed by Ohio courts and therefore should be recognized that each student's right will be guaranteed so long as the student does not disrupt the educational process or impose upon, endanger, or deprive others of their rights. Intended to be consistent with individual constitutional freedoms, a list of specific students' rights follows:

A. *Free Education.* Ohio law provides that all residents of the Olmsted Falls School District ages five to twenty-one are entitled to attend Olmsted Falls Public Schools free of charge.

B. *Freedom from Discrimination.* Students shall not be discriminated against for any reason (i.e. race, religion, and sex, ethnic or national origin, married, pregnant, or handicapped).

C. *Participation in School Government.* Students may have a voice in the formulation of school policies and decisions, which affect their education and lives as students. The degree to which such participation is realized should be dependent upon age and experience of the students involved. Through such participation, (i.e., Student Council, etc.), students can be a powerful resource for the improvement of the school, the educational system and the community.

D. *Student Expression.* Students are entitled to present their personal opinions in the proper forum. Responsible criticism and reasonable dissent are basic to the educational process. Students who publish and/or distribute handwritten, printed, or pictorial material on the school premises are responsible for its content. The distribution of materials should not conflict or interfere with school functions. Arrangements for distribution must meet with the approval of the building administrator. Freedom of student expression also applies to the student's dress and appearance and to items of symbolic expression (i.e., political buttons, armbands, and badges etc.) Student expression should not cause disruption to the educational process or present health or safety hazards. All property of the Olmsted Falls City School District, including all that is

physical and/or technology related (including websites), is not intended for use as an open forum and is subject to the authority of the administration.

E. *Peaceful Assembly*. Students have the right of peaceful assembly in school facilities generally available to the public at convenient hours that do not conflict with school functions. Arrangements must meet with the approval of the building administrator and conform to existing School Board Policy concerning supervision.

F. *Student Records*. Students, parents, and legal guardians are entitled to be apprised of the student's official school record(s). School building administrators will determine the time and method for presentation of this material, in accordance with Ohio law.

G. *Search and Seizure*. The Fourth and Fourteenth Amendments of the U.S. Constitution together with the statutes of the State of Ohio set forth procedures which must be followed in the search and seizure of individuals and property. Schools are required to adhere to these procedures. Great care must be exercised in searching the persons and effects of students. The following should be observed:

1. When search of the student's person or personal effects is for evidence of violation of school regulations and not for evidence of a crime per se, such search is permissible without consent, under the theory that the Fourth Amendment applies only to evidence of a criminal offense.
2. First and foremost in the thinking of school officials must be the protection and safety of the entire student body. Prudence requires that an immediate response be made to seriously threatening and explosive situations.

H. *Due Process*. The "Student Rights and Responsibilities" section in this handbook sets forth rules, regulations, and procedures designed to protect students' rights and clarify student responsibilities in accordance with policies adopted by the Olmsted Falls Board of Education.

I. *Sexual Harassment* The Olmsted Falls School District is committed to preventing sexual harassment in all school facilities at all school functions. Sexual harassment is improper, immoral, illegal, and will not be tolerated in the Olmsted Falls School District. The policy is implemented to inform students as to what sexual harassment is and what procedures are to be followed in dealing with sexual harassment within the district.

Students' Responsibilities

Admission to the Olmsted Falls Schools assumes that the student conduct himself/herself as a responsible member of the school community. Each student is required to accept responsibility for his/her own conduct and in doing so, accept the responsibility for the consequences of his/her choice. The student must recognize that to maintain an atmosphere conducive to learning, the reasonable exercise of authority by school officials is necessary.

Some specific student responsibilities include regular school attendance, conscientious effort in classroom work, maintenance of school property, and obedience to school rules and regulations. Most of all, students share with administrators and faculty, the responsibility of developing a climate in the school that is conducive to wholesome learning and living.

Rules and Regulations

The following rules, regulations, and procedures are based upon official policy of the Board of Education of the Olmsted Falls City Schools. Certain types of student conduct are prohibited. These rules and regulations shall be enforced, unless otherwise specifically stated therein, on the school grounds during and immediately before or immediately after school hours; on the school grounds at any other time when the school is being used by a school group; off the school grounds at a school activity, function or event; job station where units of credits are given towards graduation, or when under the supervision of a school employee. These rules may also be enforced when an action is directed at a district employee, anytime on or off school grounds. A

student found to be in violation of any of these rules or a portion thereof may be subject to disciplinary action. This shall consist of either a disciplinary notice, denial of participation in privileges, detention, Saturday School assignment, suspension for a set number of days, expulsion, and/or permanent exclusion. (The examples listed in the rules below are not meant to be exhaustive.)

In addition to or in lieu of this disciplinary action, the disciplining authority can impose disciplinary measures in the nature of after school work, repair of or payment for physical damage caused by the student, cleanup, painting, and revocation of the privilege of participation in school activities.

The administration has the right to use discretion in interpreting and implementing rules of the handbook in compliance with School Board Policy. This also means that the administration can develop appropriate rules and regulations as called for by various situations. **It also means that the administration may, in severe or unusual cases discipline students in ways other than stated in the handbook.**

Suspension and Expulsion

In accordance with Ohio law, Section 3313.66 R.C., the superintendent or the building administrator of a school may suspend a pupil from school for not more than ten (10) days. In addition, the superintendent may expel a student from school for eighty (80) days. Suspensions and/or expulsions can extend into the next school year. In some cases, the superintendent may seek to permanently exclude a student.

In accordance with Public Law 94142, due process is guaranteed to handicapped children. Handicapped children are not entitled to completely separate disciplinary procedures and may be temporarily suspended. Expulsion of a handicapped student or suspension in excess of an aggregate of 10 days per year is a change of placement, thereby requiring federal due process procedures to be followed. The suspension of a handicapped student for up to ten days per year does not constitute a change of educational placement.

All students that are suspended, in school or out of school, may be permitted to make up their assignments at the discretion of the building principal.

Permanent Exclusion

A student may be permanently excluded from attending any Ohio public school if the student is convicted of, or adjudicated a delinquent child, for committing, when 16 years of age or older, one of several criminal offenses.

Due Process

Due process in the context of administrative proceedings carried out by school authorities does not mean that proceedings used in courts in juvenile proceedings must be followed exactly by school authorities when engaged in disciplinary proceedings. It does mean that clear, definite, and fundamentally fair rules of procedure must govern disciplinary actions taken by school authorities. According to O.R.C. 3313.66 a student must be given written notice of intent to suspend, with reasons for the intended suspension, and an opportunity to explain his/her behavior to the school administrator.

Search and Seizure

In order to insure the safety and well being of all students, teachers, school employees and guests, it is the policy of this school district to authorize its administrators to search the clothing and personal effects of students where such a search is reasonably necessary under all the surrounding circumstances. In order to conduct such a search, it is not necessary that the administrator have probable cause to believe that a crime or violation of a school rule has occurred. It is necessary only for the administrator to have reasonable grounds to believe that a search will produce evidence that a student has violated or is violating a law or school rule. If such reasonable grounds exist, an administrator may conduct a search of a student's person or personal effects. The search shall be reasonably related to the objectives of the search and not excessively intrusive in

light of the age and sex of the student and the nature of the possible infraction that may have or may be occurring.

Student Discipline Code

It is the intent of Olmsted Falls City School to provide an environment conducive to a positive educational experience for all students and staff. In order to accomplish this end, it is necessary to implement rules of order for the people that it serves. No institution or organization can endure or operate effectively without some rules of order for the people that it serves. This control is usually in the form of "rules and regulations."

The rules and regulations set forth herein have been developed with the help of students, parents, teachers, and administrators over a long period of time. It is in regard for the health and welfare of all, the benefit of the institution, and the safeguard of each individual, that these rules are set forth.

The administration reserves the right to exercise flexibility in the administration of all disciplinary action. Individuality of the student infractions and other considerations may necessitate disciplinary action other than that specifically listed. The administration reserves the right to incorporate such actions. Olmsted Falls City Schools operates on the assumption that all disciplinary action functions on the philosophy of progression. Therefore, as referrals to the office mount, more severe penalties will be progressively implemented. The intent of this philosophy is to modify, perhaps eliminate undesirable student behavior.

Unless otherwise indicated, the penalty for the violation of any of the following rules may be detention, Saturday School, suspension, expulsion, and/or permanent exclusion from school pursuant to O.R.C. Sections 3313.66 and 3313.661. Furthermore, it should be noted that the consequences of the violations of these rules could result in not only school related discipline, but also in criminal and/or civil actions.

Rule 1 Disruption of School: A student shall not by use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance or any other conduct cause the disruption or obstruction of any lawful mission, process, or function of the school. Neither shall he/she engage in such conduct for the purpose of causing the disruption or obstruction of any lawful mission, process, or function of the school if a substantial and material disruption or obstruction is reasonably certain to result from his urging.

While this list is not intended to be all inclusive, the following acts, illustrate the kinds of offenses encompassed in this rule:

Damage or theft involving private property or any school property may be a basis for long term suspension or expulsion from school. A student who accidentally defaces or damages school property or the property of another is obliged to notify the office of this damage and is liable to pay expenses. Failure to report such damage may entail serious disciplinary action.

Rule 3 Physical Abuse/Threatening Harassment/Threatening Behavior/Sexual Harassment/Hate Speech: A student shall not cause physical injury, verbally harass, taunt, bully, or behave in such a way which threatens or causes physical injury to school personnel, students, or visitors while under the jurisdiction of the school and/or on school property. Those found guilty of fighting, harassing, or provoking a fight may be suspended, expelled, or permanently excluded. An individual, whose deliberate behavior directly leads to a fight between other parties, shall be considered a participant. Fighting is defined as hostile bodily contact.

Sexual harassment is defined as unwanted sexual advances, or unwanted verbal, visual or physical conduct of a sexual nature. A student who feels he/she has been a victim of sexual harassment should file a sexual harassment complaint with the building administrator who will in turn forward the complaint to the district complaint coordinator for further action.

Conduct constituting harassment may take different forms, including but not limited to the following:

DEFINITION OF TERMS:

"Harassment, Intimidation, or Bullying" means any intentional written, verbal, graphic, or physical act that a student or group of students exhibited toward another particular student more than once and the behavior both:

- A. causes mental or physical harm to the other student; and
- B. is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student.

"Harassment, Intimidating, or Bullying" also means electronically transmitted acts i.e., Internet, cell phone, personal digital assistant (PDA), or wireless hand-held device that a student has exhibited toward another particular student more than once and the behavior both:

- A. causes mental or physical harm to the other student/school personnel; and
- B. is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student/school personnel.

In evaluating whether conduct constitutes harassment, intimidation, or bullying, special attention should be paid to the words chosen or the actions taken, whether such conduct occurred in front of others or was communicated to others, how the perpetrator interacted with the victim, and the motivation, either admitted or appropriately inferred.

A school-sponsored activity shall mean any activity conducted on or off school-property (including school buses and other school-related vehicles) that is sponsored, recognized, or authorized by the State Board of Education.

SEXUAL HARASSMENT

- A. Verbal: The making of written or oral sexual innuendoes, suggestive comments, jokes of a sexual nature, sexual propositions, or threats to a fellow student, staff member, or other person associated

with the district.

B. NonVerbal: Causing the placement of sexually suggestive pictures, or graphic commentaries in the school environment or the making of sexually suggestive or insulting gestures, sounds, leering, whistling, and the like to a fellow student, staff member, or other person associated with the district.

C. Physical Contact: Threatening or causing unwanted touching, contact, or attempts at same, including patting, pinching, pushing the body, or coerced sexual behavior/acts, with a fellow student, staff member, or other person associated with the District.

GENDER, ETHNIC, RELIGIOUS, DISABILITY, HEIGHT, WEIGHT HARASSMENT

A. Verbal: Written or oral innuendoes, comments, jokes, insults, threats, or disparaging remarks concerning a person's gender, national origin, religious beliefs, appearance, etc. toward a fellow student, staff member, or other person associated with the district. (Hate speech). Conducting a "campaign of silence" toward a fellow student, staff member, or other person associated with the district by refusing to have any form of social interaction with the person.

B. NonVerbal: Placing objects, pictures, or graphic commentaries in the school environment or making insulting or threatening gestures toward a fellow student, staff member, or other person associated with the district.

C. Physical: Any intimidating or disparaging action such as hitting, hissing, or spitting on a fellow student, staff member, or other person associated with the district.

Any student who believes that he/she is the victim of any of the above actions or has observed such actions taken by another student, staff member, or other person associated with the district should promptly take the following steps:

1. If the alleged harasser is a student, staff member, or other person associated with the district other than the student's building administrator, the affected student should, as soon as possible after the incident, contact his/her building administrator.
2. If the alleged harasser is the student's building administrator, the affected student should, as soon as possible after the incident, contact the superintendent.

The student may make contact either by a written report or by telephone or personal visit. During this contact, the reporting student should provide the name of the person(s) whom she/he believes to be responsible for the harassment and the nature of the harassing incident(s). A written summary of each such report is to be prepared promptly and forwarded to the building administrator.

The district recognizes that determining whether a particular action or incident is harassment or, conversely, is reflective of an action without a discriminatory or intimidating intent or effect must be based on all of the facts in the matter. Given the nature of harassing behavior the district recognizes that false accusations can have serious effects on innocent individuals. Therefore, all students are expected to act responsibly, honestly, and with the utmost candor whenever they present harassment allegations or charges against fellow students, a staff member, or others associated with the district.

This guideline does not negate the requirements for reporting suspected child abuse to the proper authorities in compliance with board policy. Some forms of sexual harassment of a student by another student may be considered a form of child abuse, which would require that the student abuser be reported to proper authorities in compliance with State law.

***“The Olmsted Falls School District seeks to maintain an educational environment which is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board.*”**

The District will vigorously enforce its prohibition against harassment based on sex, race, color, national origin, religion, disability, or any other unlawful basis, and encourages those within the School District community as well as third parties, who feel aggrieved to seek assistance to rectify the problems. The District will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated, the District will take immediate steps to end the harassment.

Moreover, the student shall not consume any alcoholic beverages or intoxicants or drugs-of-abuse at any time before the student's arrival at school or at a school sponsored or related event or activity or manifest evidence of such use, such as odor, reddened eyes, or other similar characteristics.
